ENTRANCE/FOYER MATTING

Welcome, come on in...

A clean and welcoming environment is essential for the success of any business, so with around 80% of dirt entering your building on the soles of people's shoes, an effective, efficient and attractive entrance matting system is more than just a good first step – it's a necessity.

To this end, at Jaymart, backed by over 40 years of experience and the world's largest collection of specialist mats and matting, we have developed a 4 stage entrance matting system (see overleaf) designed to not only keep your premises looking their very best, but that is itself, easy to clean and low maintenance.

The system can be tailored to your specific needs, taking into account the external environment, the type and volume of foot traffic your premises experience, and even which direction your door faces; and as ever with Jaymart, there are plenty of materials, styles and colours to choose from.

----------	----

Our 4 step process to a cleaner environment

- Step 1** The best way to keep your premises clean is to stop dirt from even getting through the front door. Effective exterior matting scrapes clean and wipes dry, leaving the worst dirt and grit outside, and allowing subsequent interior matting to clean even better.
- Step 2** Working in a similar way to exterior matting, this is similarly tough and durable matting that carries on the work to remove the last of the most damaging soil and grit, and continue the drying process.
- Step 3** With the worst of the damp and debris now dealt with, secondary internal matting is a high-specification, high-performance product that finishes the dusting and drying.
- Step 4** The foyer is one of the highest traffic areas in your building so, however effective your entrance matting, easy to clean, highly durable and attractive carpet that always looks its best will help you make a great first impression – every time.

Jaymart are always available to discuss your particular situation, so if you want to enjoy walking in your front door every day, let us walk you through a Jaymart Four Stage entrance matting system.

Rubber Entrance Matting

BIGFOOT

Ripple-ribbed rubber entrance matting. This 20mm thick, all rubber material has a deep wavy corrugated rib design that neatly and effectively scrapes the soles of shoes. Dirt, grit, water etc. are trapped deep below the walking surface. Easy to clean and guaranteed for 5 years.

For use in indoor or outdoor entrances and matwells.

ROLL SIZES: 5m x 120cm

COLOUR: Black

Indoor/outdoor heavy to extra heavy traffic

 Cut lengths available

 Custom sizes available

GAUGE 20mm

BRUSH-KLEEN

Heavy duty, flexi-fingered, rubber Entrance Matting, highly effective at extracting dirt, dust, mud etc. from shoes irrespective of walking direction. The unusual sensation felt whilst walking on Brush-Kleen encourages pedestrians to wipe their feet. Also an effective anti-fatigue standing mat. Freestanding mats incorporate moulded anti-trip bevelled edges to all sides.

THICKNESS: 10mm (Roll only) and 16mm (Mats and rolls)

Entrance Matting and Foyer Carpeting

CONTRACT KING

Contract King is a unique heavyweight dense fibre-bonded polypropylene entrance matting/commercial carpeting, engineered to withstand the most extreme traffic conditions. Its ingenious construction is not only incredibly efficient at removing dirt and moisture from shoes but also gives exceptional dirt and moisture retention.

Contract King offers remarkable resistance against stiletto heels, spiked and studded footwear, as well as trolleys, castors, etc.

Please also see Street-King and Buffer-Zone ranges of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZE: 15m - 25m long x 2m wide

COLOURS: Anthracite, Royal Blue, Emerald Green, Grey, Brown, Beige, Red, Olive Green, Black, and Purple.

GAUGE 13mm

ZIGAZAGA

Zigazaga is a super heavy duty 100% polypropylene needle felt chevron ribbed, waffle backed entrance matting/foyer carpeting. Its attractive multi-directional ribbing traps dirt, dust and moisture, whatever the direction of traffic. Zigazaga offers a similar high specification to our Polyrib, with the same pile weight, at a considerable price advantage. Easily cut to size without fraying.

In addition to its traditional use as an attractive entrance/foyer matting, Zigazaga is also popular for use as carpeting for offices, public houses, leisure centres, corridors, etc. Also suitable for use in sheltered outdoor areas.

Please also see Zigazaga featured in our Alligator range of prestigious aluminium matting systems in our separate catalogue.

ROLL SIZES: 25m approx x 1m or 2m wide

COLOURS: Raw Umber, Ginger Orange, Burnt Brick, Honey Yellow, Ancient Red, Forest Green, Night Shadow, Raw Jeans, and Gobelin Grey

GAUGE 9mm

TRAFFIC

Traffic is a brilliant polypropylene dirt-zone barrier carpeting/matting with thousands of unique patented built-in blue scraper coils for maximum soil and grit removal. No other known entrance carpeting solves the shoeborne dirt and moisture absorbency so effectively, nor so decoratively or so economically. Traffic's unique construction offers superior appearance retention, enhanced durability and substantial savings in cleaning costs, considerably prolonging the working life and good looks of those internal floorcoverings. Traffic is ideal for close fitting in entrance foyers, hallways or corridors or installation in matwells.

ROLL SIZE: 20m approx long x 2m wide

COLOURS: Anthracite, Grey, Red & Green (All with blue scraper coils)

For that prestigious entrance, Traffic can also be incorporated into Grime-Traffic Marshall aluminium matting systems. See separate catalogue for details

SOIL-MASTER

Soil-Master 100% Cushion Vinyl Loop Mattings are specially designed for maximum soil and dust removal. The ingenious flexible vinyl loop construction not only scrapes dirt and moisture from shoes, but also traps it beneath the matting's walking surface, thus preventing it from being re-tracked onto expensive internal floorcoverings. The walking surface of Soil-Master cushion vinyl matting remains clean, effective and in excellent decorative condition even when tackling double the dirt, dust and grit of some other mattings.

FLEX-TUFT 2010

Flex-Tuft is an environmentally friendly, super quality, extra heavy duty slip resistant brushed super absorbent nylon-on-rubber indoor/outdoor flooring/carpeting. Highly effective, Flex-Tuft will remove up to 90% of dirt and grit if a 2.5m walk in depth is allowed by specifiers. Flex-Tuft is manufactured from recycled fibre rubber bus and truck tyre lining, cut on edge and buffed to a chenille finish, then reinforced by a tough nylon scrim and bonded to a top quality vulcanised rubber backing.

Flex-Tuft is ideal for outdoor as well as indoor use, although not suitable for areas that are consistently wet. Possible installations include: Golf clubs, Airports, Hotels, Public Buildings, Shopping Centres, Car Showrooms, Football/Cricket/Rugby/Athletics Clubs, Stadia, Exhibition Centres, etc. Rolls are designed for use on staircases and should not be used for floor areas. Tiles should be laid in chequerboard fashion and fully bonded.

GAUGE 10mm

INGENIUS

Super effective extra heavy duty indoor/outdoor polypropylene brush rubber backed entrance matting and foyer carpeting. Ingenius will not absorb moisture, retaining its incredibly efficient dirt removal properties even when wet. Moisture removed is trapped below the walking surface of the mat, preventing ingress tracking.

Ingenius, unlike coir matting, is colourfast. This makes Ingenius an ideal material choice for logo mats. For prestigious entrances, Ingenius can also be incorporated into aluminium channel sections. See separate catalogue for details.

WARCORD

Warcord is a multi-purpose, micro-ribbed, 100% polypropylene carpeting with waffle back. Originally designed as an extra economical barrier carpeting for entrances, foyers and reception areas, preventing shoeborne moisture, dirt, dust, grit, etc., from invading and soiling essential internal "clean" areas, it is also enjoying proven popularity as a versatile, hard wearing, and colourful decorative contract carpeting for schools, offices, shops, public buildings, hotels, leisure centres, libraries, doctor's practices, etc., as well as residential. Waffle backing enables cutting to special sizes and shapes without fraying.

Warcord can also be incorporated into our prestigious aluminium matting systems. Please see our separate catalogue for Alligator and Grime Warcord.

ROLL SIZES: 25m - 32m approx x 2m

COLOURS: Grape (81-Purple Red), Earth (89-Brown), Scarlet (84), Red Earth (06), Lawn Green (22), Majolica (04-Blue-Green), Deep Blue (83), Shadow (69-Light Grey), Anthracite (50) and Beige(61).

GAUGE 7mm

ENTREX

Entrex is manufactured using a specially developed polyethylene formula for excellent performance and durability. Available in 2 formats, in interlocking open-grid tiles, quick and easy to install with a minimum of wastage. For external use the Entrex Spike has closely moulded spikes which ensure the highest scraping effect on the soles of the shoes; efficiently keeping dirt and grime underneath the tiles, out of sight. The spike design ensures that minimal dirt remains on the surface of the matting, optimising effectiveness.

With the addition of 100% polyamide high performance barrier carpeting inserts, Entrex Carpet offers a complete solution as a scrape and dry matting system for interior use. The carpet inserts absorb moisture from shoe soles, whilst the spikes scrape off dirt and other debris.

Entrex Carpet is fully interchangeable with Entrex Spike, which allows virtually any combination of dirt and moisture control. Entrex is ideally installed into a recessed matwell frame but ramped edges and corners are available for surface mounting if necessary.

TILE SIZE: Tiles 200mm x 200mm x 22mm thick
Ramped Edges & Corners 60mm wide x 22mm thick

COLOURS: Base colours are Grey, Green, & Burgundy. Entrex Carpet incorporates Grey, Green & Burgundy polyamide carpeting.

OBEX CLOSED

Obex Closed, PRIOR and FORMA, is high tech, heavy-duty entrance matting that looks great and works beautifully. The modular, interlocking tiles are highly flexible, extremely stable but low maintenance, and form an exceptionally effective internal/external barrier matting system that removes shoe-borne dirt long before it gets into your building. Effective, good-looking, durable, flexible and low-maintenance: Obex Closed really is uncompromising entrance matting.

Obex Closed PRIOR

Obex PRIOR interlocking, UV resistant, PVC tiles are extremely durable, very flexible and moulded to maximise their cleaning effect. This durability, combined with enviable performance levels, make Obex PRIOR perfect for heavy traffic, industrial or commercial situations.

100% PVC

THICKNESS: Super heavy duty 16mm thickness

MANUFACTURED IN INTERLOCKING TILES: 195mm x 195mm x 16mm, (supplied in sheets of 6 tiles (0.228m²))

Barrier Matting

GATEKEEPER

Gatekeeper is an extra heavy duty top of the range parquet design ribbed olefin carpet-on-rubber free-standing clean zone barrier mat with maxi-trap raised bevelled edges, for maximum retention of dirt and moisture. Gatekeeper's excellent scraper ribbing, and super absorbent olefin yarn (dries 3 times faster than nylon!) makes it one of the most effective barrier mats on the market, trapping up to 9 litres of water per square metre. Gatekeeper suffers minimum movement in use, even under heavy trolley traffic due to its built-in anti-creep rubber cleats on its underside.

Gatekeeper is also colourfast, stain resistant, flame retardant and easy to clean. All mats have the benefit of bevelled anti-trip edging to all 4 sides. N.B. Do not confuse this super heavy duty product with other inferior domestic quality look-a-likes available on the market.

Recommended areas of installation include: - Supermarkets, DIY superstores, hospital, medical centres, factories, warehouses, schools, universities, hotels, public houses, restaurants, shops, public buildings, offices, sport centres, theatres etc.

MAT SIZES: 90cm x 60cm 120cm x 90cm

GAUGE 7mm

WARRIOR

Heavyweight, machine washable, nylon-on-rubber Warrior mats keep shops, offices, public buildings etc. cleaner. Wear and tear on carpets and floors is also substantially reduced. Buildings are made safer too, because Warrior mats trap so much of the dirt, dust and wet that can cause slips and falls.

Warrior mats have extra tough nitrile rubber backing and edging unlike most conventionally purchased dirt control mats, which have vinyl backing and edging. Its 100% nitrile rubber backing gives Warrior mats the following advantages:

Warrior mats are hard wearing – the edges are far stronger and less prone to nicks, cuts and tears. They are machine washable. Their tougher construction makes the mats keep their superb appearance, wash after wash. They are also easily cleaned by vacuum hose or machined wash at 40°C and they stay put better and more safely.

Warrior mats have a unique heat set high-twist two-ply heavyweight continuous filament nylon pile, which gives longer lasting appearance retention as well as requiring less maintenance. The dirt just sifts down into the pile, and leaves the surface looking good.

Warrior mats are recommended for indoor or sheltered heavy traffic commercial and industrial corridors, hallways, offices, factories, etc. Gripper backed to minimise movement. Mats have anti-trip edges to all 4 sides.

MAT SIZES: 89cm x 60cm 120cm x 78cm
120cm x 89cm 147cm x 89cm
175cm x 114cm 240cm x 114cm

Edged on all 4 sides. Sizes include edging.

COLOURS: Warrior II Colours: Charcoal Grey, Charcoal Black, Royal Blue, Indigo Blue, Bright Red, Burgundy, Kelly Green, Regal Red, Dove Grey, Black, Slate & Walnut
Warrior III Colours: Black/Pepper, Black/Slate, Red/Black, Walnut Gold & Dark Blue

GAUGE 9mm

ROYALE Indoor heavy traffic

The latest in commercial mat technology, the TireTuff Royale is heavyweight matting designed for busy traffic areas. The moulded recycled rubber backing provides strength and durability while the crush-resistant carpet surface effectively removes debris and moisture. Dual fibre needlepunch carpet dries quickly and resists staining and fading. Bi-level surface scrapes debris from shoes. Attractive double border design traps debris and moisture in the mat and off the floor. Heavyweight recycled rubber backing minimizes movement on carpet and hard floor surfaces.

MAT SIZES: 90cm x 60cm 150cm x 90cm
 180cm x 120cm

Edged on all 4 sides. Sizes include edging.

COLOURS: Indigo Blue, Onyx, Pine Green, Red/Black, Slate Grey and Walnut

Indoor heavy traffic

Mats only

GAUGE 7mm

95% Recycled

Royale is made using recycled plastic bottles for the carpet and car tyres for the backing.

With each 1.5m² of Royale matting made, one scrap tyre and thirteen plastic bottles are saved from entering landfills.

APACHESTAT

Apachestat is designed to dissipate static charges and prevent static build-up on people who walk on it, whilst significantly reducing the ingress of dirt, dust and grit. Combining an extra hardwearing heavy duty continuous filament two-ply Lustretwist nylon yarn (heat set with a high twist) surfacing, bonded to a dissipative vinyl backing, Apachestat meets I.B.M. recommendations for electrical resistance of floorcoverings in computer rooms when grounded (10⁸ - 10⁹ ohms) and meets US Flammability (Pill) Test Standard DOC FF1=70. Apachestat does not require ground wires, is easy to cut to shape as required and is also easy to clean.

Highly recommended for all interiors where electronic equipment systems are in use or static control is a problem, e.g. offices, computer rooms, entrances, corridors, aisles, gangways etc.

MAT SIZES: 90cm x 60cm 120cm x 90cm
 150cm x 90cm 180cm x 120cm

NEW - MONTAGE ECOMAT

Jaymart introduce a new made-to-measure high-performance commercial quality entrance mat. Offering enhanced long wearing performance and durability, while being extremely environmentally friendly (made from 88% recycled materials.)

Ideal for use in interior or exterior high-traffic areas, in hotels, hospitals, schools, office buildings, restaurants etc.

Abrasive scraping surface - featuring a specially developed needlepunch carpet with extra coarse fibres and surface coating.

Incredibly absorbent - holding 7 litres of water per square metre, keeping moisture, dirt and dust from entering the building.

Unique surface coating - provides extra safety traction during wet weather.

Crush resistant durable scraping surface - moulded to a rugged recycled rubber base

Multi-directional rib pattern and extra deep channels - further enhancing the scraping action.

Environmentally friendly - using recycled materials in the surface, backing and edges; every 1.5m² contains one scrap tyre and four plastic bottles that were otherwise destined for landfill.

Superior LockTite Edging - specially engineered edging locks the carpet in from both top and bottom. Made from recycled materials with reinforced corner patches.

Wheeled Traffic friendly - luggage carts, suitcases and trolleys will have no problems traversing Montage's bevelled edges.

Colours: Charcoal, Steel Grey, Marine Blue and Chocolate

Advanced dyeing technology provides a unique method of dyeing the high twist nylon tufts to ensure a deep and intense colour penetration. Colour is locked in for greater colour retention and longer life. There is a standard colour palette of 99 colours for regular logo designs or a more extensive colour bank of over 700 colours for detailed designs or reproduction of photographic images.

All mats are nitrile rubber backed, with anti-trip edges to all 4 sides. The rubber backing can be supplied in either smooth or gripper backed. Smooth backing is supplied as standard. The edges are strengthened for increased resistance to tearing and for better durability. The heavyweight primary backing gives better floor stability and resistance to rippling.

Symphony mats can also be supplied with an extra thick 3mm rubber backing for matwell use. These mats would not have anti-trip edges and the maximum matwell size is 5.9m x 1.9m

Mats have excellent colour fastness and can be machine washed at 40°C.

Symphony mats are available in 7 standard mat sizes and can also be custom manufactured in any size up to 6.0m x 2.0m.

TRADE TERMS & CONDITIONS

All quotations and contracts are subject to the following conditions unless otherwise stated subsequently by us in writing, and no qualification of these conditions in the customer order or acceptance shall be deemed to form part of this contract.

1. **Delivery:** Any items as to rate or time of DELIVERY are not to be deemed to be the essence of the contract and no guarantee can be given or implied thereto. We, however, will make every reasonable effort to ensure delivery in accordance with requirements so far as circumstances permit.
2. All orders are subject to our final acceptance at **Warminster** and thus the contract of sale is explicitly agreed to have been made at **Warminster**, Wiltshire. English Law shall apply and any dispute shall be settled in the English Courts.
3. ALL PRICES are quoted without engagement and, unless otherwise expressly stated by us in writing, subject to alteration without notice.
4. **DESPATCH OF ORDERS:** All goods are sent by the most convenient method available to us at the time of despatch unless otherwise specified. ANY GOODS FOR DELIVERY TO ADDRESSES OTHER THAN THOSE OF THE PURCHASER are only sent at the PURCHASER'S RISK.
5. **CARRIAGE:** Please see our current pricelist for carriage terms
6. **DELIVERY TO SITE:** THE PURCHASER WILL BE RESPONSIBLE FOR OFF-LOADING the goods and in accordance with normal transport practices such goods will be delivered to the goods inwards department or reception on the ground floor.
7. **SELECTION OF GOODS:** Is a matter solely for the purchaser, who should ascertain in advance of ordering, the suitability and colour, etc. of goods for the purpose required. Technical details and samples are available on request.
8. **TECHNICAL DESCRIPTION AND DATA.** Such descriptions whilst given as a guide in good faith are subject to alteration by the seller without notice. In particular all dimensions are approximate only.
9. **LIABILITY:** We will not be liable for any indirect or consequential loss whatsoever arising from, or in conjunction with, the supply of defective goods, delay in delivery, non-delivery, loss or damage to goods in transit or to the property of the purchaser, or any third person howsoever caused. If goods have been exported, customers are welcome to return the goods to our premises in **Warminster** where a decision can be made regarding any action to be taken.
10. **CLAIMS:** No claim for ANY DEFECT in goods supplied will be accepted unless made in WRITING within 3 days from the date of delivery. Goods returned to us within 10 days from receipt in exactly the same condition in which they were received, will be credited only if we also judge them to be defective, but will not form the subject of any claim for labour cost or other loss of any kind. No claim for loss or damage in transit will be accepted unless signed for as such and confirmed in writing and verbally within 10 days from the date of despatch. A clear signature to the carriers for goods concerned will indicate to the carriers and to us that they were received in perfect condition.
11. **DEFECTIVE GOODS:** Under no circumstances whatsoever will we accept return of goods for credit when they have already been installed, used or laid. Defects should be observed on receipt, i.e. prior to installation, use or laying, and be notified to us immediately, both verbally and in writing, so that we can decide what action may be taken. In the case of goods to be exported, inspection should be made prior to shipment.
12. **COLOURED GOODS:** JAYMART floorings and accessories are produced by highly sophisticated and modern manufacturing methods. However, due to differing production batches and or varying individual product manufacturing processes, colour and shading variations can occur and must be accepted.
13. **COLOUR SAMPLES:** The small hand feeler samples given or sent to enquirers are an indication of colour only. They are not necessarily representative of the actual product colour shade to be supplied
14. **PRODUCT CHANGES:** The policy of the Company is one of increasing improvement and development, so we reserve the right to add or delete from the range or to change products without notice
15. **TITLE TO GOODS:** We reserve the right to retain, if we should so decide, the title to goods supplied under these terms of sale until the purchaser has discharged all sums owing to us. Until such discharge, the purchaser shall hold the goods, whether or not sold to another party upon trust for ourselves and grant us the right, if we so wish, to enter the purchaser's or its agent's premises to recover any such goods.
16. **CANCELLATIONS.** We will consider, but not be bound to accept, any request for cancellation of an order, and acceptance shall be on such terms as may be agreed by us in writing.
17. **RETURNS:** We do not normally accept return of perfect goods if correctly supplied as ordered. We therefore strongly recommend that customers check quantity, colour and product requirements carefully before ordering. If goods are accepted for return for whatever reason, we reserve the right to levy an administration charge together with carriage costs incurred for original despatch. No requests for return will be considered more than 3 months after invoice date.
18. **COLLECTIONS:** Our warehouse is usually open for collection from Monday to Friday (9 a.m. to 12.30 p.m. and 2 p.m. to 4.00 p.m.) excluding holidays. We kindly request customers, however, to give us reasonable advance warning of intended collection of goods required. We regret that we cannot accept any claims whatsoever in such cases, if goods are unavailable at the time of collection. All promises of stock availability are given in good faith, but should not be regarded as guaranteed correct.
19. **SETTLEMENT:** Approved credit account customers should make their payments by the end of the month following the date of invoice. Cleared funds are required from non-credit account customers before goods can be released. Prepayment may be made by cheque, postal order, cash, bank transfer/ CHAPS or most major credit/debit cards.
20. **VAT:** Is chargeable extra at current rate on prices listed.

PLEASE NOTE: While every effort is made to ensure accurate representation of colours, variations may occur due to limitations in the printing process. We always recommend, and are happy to supply free-of-charge, hand-held samples for colour reference. Roll and mat sizes are nominal.
